Eric,
I'm a member of ISASC and have been looking for a copy of your book, *U.S. Coin Scales and Counterfeit Coin Detectors.* I have been unable to find a copy. I am wondering if you stll have some copies for sale. If you do, please let me know the cost and how I can order one.

Thanks,

Allan Rodin

Dear Mr. Rodin:
Thank you for writing me about my scale book. I thought that ISASC had some copies for sale. If they do not perhaps they can order some more from Eric P. Newman Numismatic Education Society. I and the Society do not sell items directly to customers. Sometime the item comes up in numismatic book auctions . Glad you are interested . Eric P, Newman
